3. Abhilsha Samiti's Strategy

3.1 Vision:

We are working for our motto "*A small step can change lots of life*" in India. The main mission of the Society is to promote education, health-care services and give harmony, prosperity and happiness in family life of backward & poor families. To provide help & support to the children, widows, sick person, old aged helpless and indignant persons are the target people of our Society.

3.2 Mission:

Organization have focused its activities in Uttarakhand Himalayas, mainly in the remote areas of district Pithoragarh of Uttarakhand, Where a programme implementation office is established and a devotee team of voluntaries is working. Organization is running a school in remote villages, where education facilities are not enough and rural people are migrating for education towards district head quarter and other where. Organization have selected two major clusters for development within the district which includes 50 villages and implementing different developmental activities.

3.7 Activities

ABHILASHA SAMITI also works with -

Women

Every third woman is illiterate; 60% of India women are anemic; women are paid 40-70% less wages; every 4th woman who dies in childbirth in the world is an Indian. In Uttarakhand, work load of women is too much, health status is poor, economic conditions are not good. Focusing on these conditions, Abhilasha Samiti has aimed to work on women of Uttarakhand.

Disadvantaged children

Every third child born in India is underweight; 20% of them die before they reach the age of five; 44 million work in hazardous industries; 40 million of them do not go to school. We support the child enrolment program in School. So Abhilasha Samiti is working in remote areas of district Pithoragarh for child education and health.

Gender

Human development in India is marked by sharp gender disparities. ABHILASHA SAMITI works by advocating through

the media and public meetings and dialogue with policy makers, towards progressive changes in the laws, policies, institutions and social processes which impact on the lives of women, especially poor ones. They also campaign to tackle adverse sex ratio and for the promotion of women's property rights.

3.8 Management and planning

ABHILASHA SAMITI constituted a cell of its experienced volunteers for management of organizational work and planning.

Decision making

ABHILASHA SAMITI believes that the decision making is a key part of an (administration) Administrative bodies activities, it permits though all managerial function such as planning, organization, direction and control. Decision making involves thinking and deciding before doing and its part of our function. In keeping the view of our organization's objectives, policies, program and strategies are our organization decision making process.
